

Subject: Traffic Detail Rate
Issue Date: September 16, 2014

PROCEDURE

The Board of Selectmen has established that, unless Traffic Detail is being legally required by Massachusetts Department of Transportation or other entity that is specifically reimbursing the Town for all Detail rates/fees, the rate of pay for any Town employee performing Traffic Detail for the Town shall be at their normal hourly rate of pay.

The ONLY exception to the above: if the individual has exceeded 40 hours of work time in that week - at which point the rate would be commensurate with overtime (time+1/2) pay.
