Review Previous Meeting Minutes

New Business

Opened **Public Hearing** for ANRAD (Abbreviated Notice of Resource Area Delineation) related to Cyprus Creek Renewables Solar Project at Curtis Hall Road. Meredith Borenstein gave an overview of the project. Reviewed wetland delineation figures, write-up/recommendations from peer review consultant (GZA) and comments from MA DEP. The Commission requested that some additional wetland flagging be completed and that a site review be conducted on 12/15/18. The Public Hearing was continued to 1/14/19.

Continuing Business

Reviewed Timber Harvest status for Shephard Farm with Jeff Jourdain. This project was initiated by previous members of the Conservation Commission and it was not clear if timber harvesting had been reviewed with the Select Board or other Town Boards. Decision was made to review this with Town Administrator and the Select Board.

Discussed overall status of Chester Rd, North Blandford Rd and Otis Stage Rd Solar Projects.
